Co. Committee Endorses Ticket

Student Co-op Ass'n.

The S. C. A. Council has been working with the students trying to solve some of the problems of our school.

The officers of the 1960 Council are:

President - Bentley Martin
Vice President - Winifred Nash
Secretary - Faye Martin
Treasure - Robert Garrette
Reporter - Nancy Chandler

The S. C. A. Council presented some of the problems of our school in an assembly program September 28, 1960. Robert Garrette expressed some ideas on cleaning our school grounds of trash. Fay Martin urged us to use the suggestion box. George Bergdoll presented some solutions on reducing the confection in the halls between classes. Corey Hesson urged everyone to limit the noise during lunch period.

Without the support of the students the efforts of the council are in vain. In order to solve these problems we must have the complete co-operation of the entire student body.

SIGN - UP FOR SOIL BANK

There will be no signup this fall of additional land or contracts under the Soil Bank Conservation Reserve, C. D. Lewis, Chairman, County Agricultural Stabilization and Conservation Committee, said today in response to inquiries from farmers regarding the status of the program.

Mr. Lewis also said that program contracts which expire in 1960 or later are no longer eligible to be extended for an additional period of years.

"Under the Soil Bank Act enacted in May of 1956," Mr. Lewis explained, "the Secretary of Agriculture was authorized to enter into Conservation Reserve contracts with producers during the five-year period 1956-1960.

"The signup under the 1960 program was held last fall, so that farmers would know in advance of the cropping season whether their land would be accepted into the Conservation Reserve. Since the authorization to enter into new contracts has not been extended beyond 1960, there will be no signup period this fall.

"Farmers should understand, however, that the existing contracts for 1960 and previous years will remain in effect and payments will continue to be made under them for the period of the contract and in accordance with contract terms. The annual Department of Agriculture appropriation bills provide money with which to meet obligations already on the books."

There are 72 Conservation Reserve contracts in effect this year in Appomattox County, involving a total acreage of 2116 acres, Mr. Lewis said. Contracts periods range from 3 to 10 years.

FUND DRIVE FOR GIRL SCOUTS

Mrs. Cliff Harvey has been named chairman of the 1960 Girl Scout fund drive set for Monday, Oct. 17, throughout Southside Neighborhood, it was announced today by Mrs. C. R. Thomas, District Chairman, of the Appomattox District of the Central Virginia Council of Girl Scouts, Inc.

Volunteer workers, under the leadership of Mrs. Harvey, will seek to raise $175.00. This is the basic amount necessary to maintain Girl Scouting in Appomattox, and to meet the needs during the coming year.

"I have accepted the chairmanship of this campaign, she said, "because Girl Scouting is for for all girls from 7-17 years who want it, and the program benefits both the girls and the community."

"Through Girl Scouting," she asserted, "girls enjoy the wholesome recreation, form rewarding friendships, develop practical skills and healthy attitudes that may well determine the direction their lives will take."

'61 WHEAT PROGRAM IS EXPLAINED

With winter wheat planting getting under way, Chairman C. D. Lewis of the Appomattox County Agricultural Stabilization and Conservation Committee pointed out today that the wheat program for 1961 will be essentially the same as it has been in recent years.

As highlights of the program, Mr. Lewis listed the following:

1. MARKETING QUOTAS — As a result of an 87.4 affirmative national vote of wheat growers who voted in a referendum July 21, marketing quotas will be in effect for the 1961 crop and the marketing of excess wheat will be subject to a penalty.

2. PRICE SUPPORT — Price support will be available on 1961 crop wheat at a minimum national average rate of $1.78 per bushel, the same as the rate for the 1960 crop. The rate was $1.97 per bushel in Appomattox County on the 1960 crop.

3. ACREAGE ALLOTMENTS — Each wheat-producing farm has an acreage allotment, representing the farm's share of the national allotment, which again in 1961 stands at 55 million acres, the minimum permitted by law.

Under the marketing quota system, any farmer who keeps within his wheat acreage allotment (or does not exceed 15 acres of wheat) may market his total wheat crop without penalty. Also exempt from penalty is any farmer who obtains approval to participate in the feed wheat program and produces 30 acres or less of wheat for use on his farm.

Other growers who exceed their allotments will generally be subject to a marketing quota penalty on the normal yield of the excess acres. The penalty rate for 1961 will continue at 45 per cent of parity, which for 1960 worked out to a dollar-and-cents penalty rate of $1.08 per bushel.

To Play Brookville H. S.

Appomattox Plays Brookville in Homecoming game. Here Friday night.

The Appomattox Rebels, after three straight losses, meets a strong Brookville Bees football team here Friday night in a Homecoming tilt at 8:00 P. M.

The Rebels, who were defeated by Brookville last year by a 36 to 7, score hope to revenge this loss by breaking their losing streak and getting back on the winning side. The Rebels lost last week to Nelson County for the first time in six years, when they were outplayed both on offense and defense. Scoring for Appomattox last week were: Dickie Grill; Bobby Henderson and Johnny Canada. The Rebels defensive line was very weak and it is hoped that part of the game has been corrected this week. This should be another good football game.

The Homecoming Queen will be crowned at half time; and a dance will follow after the game in the gym.

A SERVICE STATION FOR YOUTH

When your car needs service you call on a service station attendant, and so do over 250 Scout units — Cub Scout Packs, Boy Scout Troops and Explorer Posts in the Piedmont Area Council call the Piedmont Area Council, for the Council is, in fact, a service station for the youth of the community. This year the Piedmont Area Council has served over 6,000 boys in the 14-county area which it covers.

Service includes activities such as Camporees, Scout rallies, Firstaiderees, National Jamborees, and Philmont Scout ranch.

Citizens over the council and district area are offered the opportunity to have a part in supporting this program, by gifts to the Scout program.

Agency Broadens Loan Program

Farmers who have regular off-farm employment, if otherwise eligible, may obtain farm operating and development loans from the Farmers Home Administration, under the recently revised regulations of the agency.

Hunter P. Evans, Farmers Home Administration county supervisor for Appomattox, Prince Edward, and Amelia counties, said the new regulation went into effect October 1. Previously, except in rural development counties, a farmer had to spend most of his time farming in order to qualify for a loan.

The Farmers Home Administration office serving Appomattox, Prince Edward, and Amelia counties is located in Farmville. Mr. Evans also has part-time office hours at Appomattox at the ASC office each Tuesday from 9:00 to 9:30 A. M.

The agency also supplies credit for farm housing and soil and water conservation.
